

WEST BEND.

Item No. 76026

## BRING SPEED, CONVENIENCE AND SAVINGS TO YOUR KITCHEN WITH A WEST BEND QUIKSERVE® OVEN

Saving time, energy and dollars is important in today's climate and a goal that is on everyone's mind. Managing this goal and still providing delicious, healthful snacks and meals for your family has just become easier! West Bend is excited and proud to introduce the new QuikServe® oven. The new QuikServe® oven is perfectly suited to preparing snacks, appetizers or pizza. It toasts too! Most importantly, the QuikServe® oven, on average, is 90% more energy efficient and cooks up to 37% faster than conventional ovens.

The QuikServe® oven has 5 pre-programmed settings: Bake, Pizza, Snack, Toast and Warm. Top and bottom heating elements nearly eliminate pre-heating. The 12" non-stick rotating baking tray has heat proof handles and trivet; goes directly from the oven to your table, and convection-like air circulation ensures perfect, quick results every time. Speed, convenience and savings from West Bend QuikServe® to your kitchen!

---

Founded in 1911, West Bend® is among the most recognized small appliance brands. It is known by consumers worldwide for its quality products and service, and is located in West Bend, Wisconsin. Focus Electrics, LLC is a subsidiary of Focus Products Group, LLC, a growth-oriented holding company based out of Vernon Hills, Illinois.
